In 2020 we are once again offering our 'Super-Tuscan' holiday based in the beautiful spa town of Montecatini Terme including performances of Madama Butterfly and Turandot at the open-air lakeside setting of Torre del Lago.

We stay 7 nights in Montecatini Terme where you can spend the mornings relaxing beside the pool of the Hotel Torretta or take a stroll across the park into the centre of the town. Hotel Torretta, owned and run by Dante Simoncini and his family, has been a favourite with Maestro clients for the past twelve years and is located besides the town's 'spa park', about 5 minutes stroll to the Terme Tettuccio and 10 minutes walk through the park into the heart of the town. Your stay is half board throughout and visits to Siena, San Gimignano, Vinci & Lucca are included.

The 'Grand Open Air Theatre' is situated about 50 minutes drive from Montecatini at Torre del Lago Puccini in the idyllic lakeside setting where Puccini lived for much of his life. Our tickets are in the second category and in an excellent central position. This year the festival will perform Madama Butterfly and Turandot.

During our stay we also include a concert at the renowned Chigi Summer Institute in Siena, a gala dinner for Ferragosto (served poolside weather permitting) and a lunch in Dante's olive grove!
